EXPERIENCE

Media Clerk   **Jan 2024 – Mar 2024**
Conestoga College | Waterloo

Assisted in migrating data to Conestoga Cloud Servers, coordinated events, created graphics and media assets for social media, and completed additional tasks as assigned on a day-to-day basis.

Infosys, India   **April 2022 – Mar 2023**
System Engineer

I have extensive experience as a full-stack web developer, proficiently working with a MERN tech stack. My skill set extends beyond technology, as I excel in problem-solving and bring a strong foundation in object-oriented programming to deliver robust solutions.

SpiceJet Airlines   **July 2018 – Apr 2022**
Senior Executive

I supervised cadet pilot teams, orchestrating their training and weekly evaluations, while also meticulously designing flight training programs for Captains and First Officers in alignment with DGCA guidelines, ensuring their readiness for successful aviation careers.

Operations Executive

I managed day-to-day aircraft rotations, scheduling and organizing backup plans to accommodate irregular operational conditions. This involved strategizing aircraft rotation plans, mitigating delays, and implementing alternative arrangements as needed.
